# Home of Alimentastic Who we are

Alimentastic Food Innovation GmbH is part of Schmidbauer Management Holding and is dedicated to the development, production, and distribution of high-quality, value-added foods. Our passion is innovative products that impress with their excellent taste, high nutritional value, and environmental friendliness. There are far too many unsatisfying classics that immediately become less enjoyable when you look at the ingredients list. We prefer to entice consumers with unique foods that are consistent with a healthy, enjoyable lifestyle. Following the fundamental principle of zest for life and enjoyment, our goal is to combine enjoyment, quality, and nutritional added value.

## What we stand for

### **CONVENIENCE** **GOOD, HEALTHY, PRACTICAL.**

Our products represent healthy convenience with transparent ingredients – for more time in everyday life. Healthy eating doesn't have to be a time-waster: snacks, drinks, and premium meals can be nutritious, suitable for everyday use, and high-quality at the same time.

### **SCIENCE COMPANY** **QUALITY AT THE HIGHEST LEVEL.**

Thanks to our 30-person Miracon Science team, we develop functional foods with scientific expertise. Micronutrients, food safety, natural ingredients, and innovative technologies are our standard.

### **PLANET-FRIENDLY** **BECAUSE THERE IS NO PLANET B.**

We rely on vegan and alternative raw materials such as insects to produce high-quality products in an environmentally friendly way. Our contribution to a sustainable food system: planet-friendly and future-oriented.

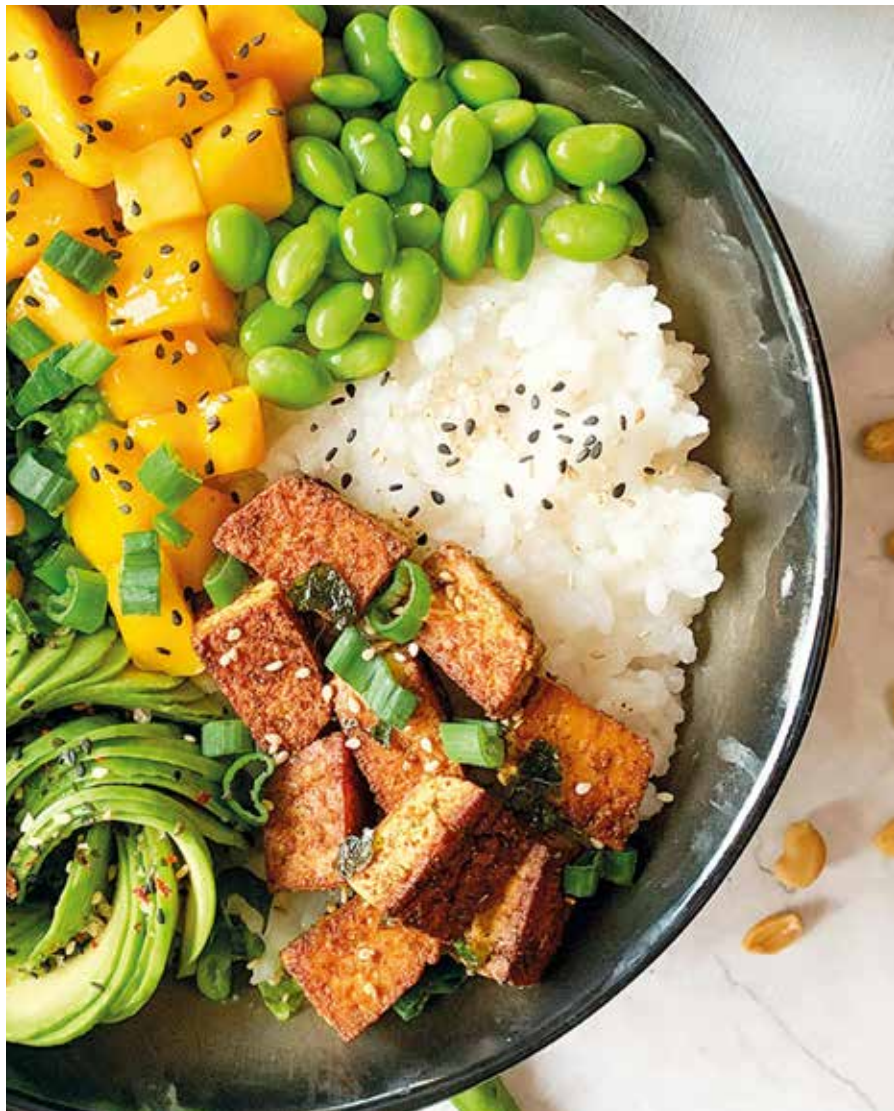

### **TRANSPARENCY** **TRUST THROUGH OPENNESS.**

We disclose our ingredients, processes, and supply chains – for conscious purchasing decisions and honest enjoyment. Transparency creates trust and makes our products a ethically valuable choice.

### Pasta Bolo Vegan, 85g

Sun-ripened tomatoes, aromatic herbs, and an extra portion of Italian pasta combined with sunflower mince. That's right, sunflower mince, classically seasoned and rich in protein and essential amino acids – for a super lunch that even 9 out of 10 nonnas will happily leave their aprons behind. A punto, al dente, and super tasty!

### Yellow Thai Curry, 85g

Vegan, organic, and with a variety of flavors that will make your taste buds dance. From now on, you can immerse yourself in the world of Thai cuisine without even stepping outside!

# Pure & Fun

## Naturally organic. And kids approved!

As soon as the little ones are allowed to choose something, they're guaranteed to go for the most colorful packaging on the shelf. Unfortunately, these often contain overly sugary drinks or sweets that parents have to say no to doing something good for the kids often means not giving them what they want. A contradiction that PURE&FUN ended.

# Fungi Pad

## The next level meat alternative

We eat more meat today than ever before in human history. This is not good for anyone. Not for us humans. Not for the animals. Not for Mother Nature. With the Fungi Pad, we want to offer the antidote to excessive Meat consumption of our time.

We're convinced that mushrooms will play a key role in solving many of our time's problems faster and more sustainably. Therefore, we've developed our Fungi Pad as an alternative. Our pad uses only 5 ingredients—all of which are organic. Super easy handling & versatile applications. The king oyster mushroom absorbs spices and flavors easily. WITHOUT chemistry & science fiction.

## Fantastic Frozen Food

Freda's mission? To transform frozen meals from a last-minute solution to a favourite meal. To achieve this, we have created a diverse range that demonstrates what is possible: crispy pizza, as if fresh from a stone oven. Handmade pasta, lasagne and parmigiana from Italy. Creamy gelato, fruity sorbet and tiramisu from Sicily. And even Asian classics like our juicy, hand-folded dumplings.

Each category is lovingly developed, handcrafted, free from unnecessary additives – and always with authentic flavour, delivered straight to your door.

To achieve this, we use particularly sustainable and climate-neutral insulated packaging made from 100% recycled waste paper, which insulates your pizzas during shipping.
