LLC BIO PRODUCTS FACTORY

**The perfect solution for
modern life. Producer of natural
food products of plant ingredients**

Company was founded in 2018 to produce functional, nutritional and natural plant based products without preservation, flavorings and E additives.

Located on 1200 square meters and can produce up to 1.8 million bulk products and process up to 600 tons of «organic» soya milk per month.

alive

alive

Created in **(2018)**
to make fast food
(food to go) beneficial.

The main goal of our team during
the recipe development was to combine
two important criteria – time and health.

Enjoy!
